Pivotal.

... in a world of digital chaos

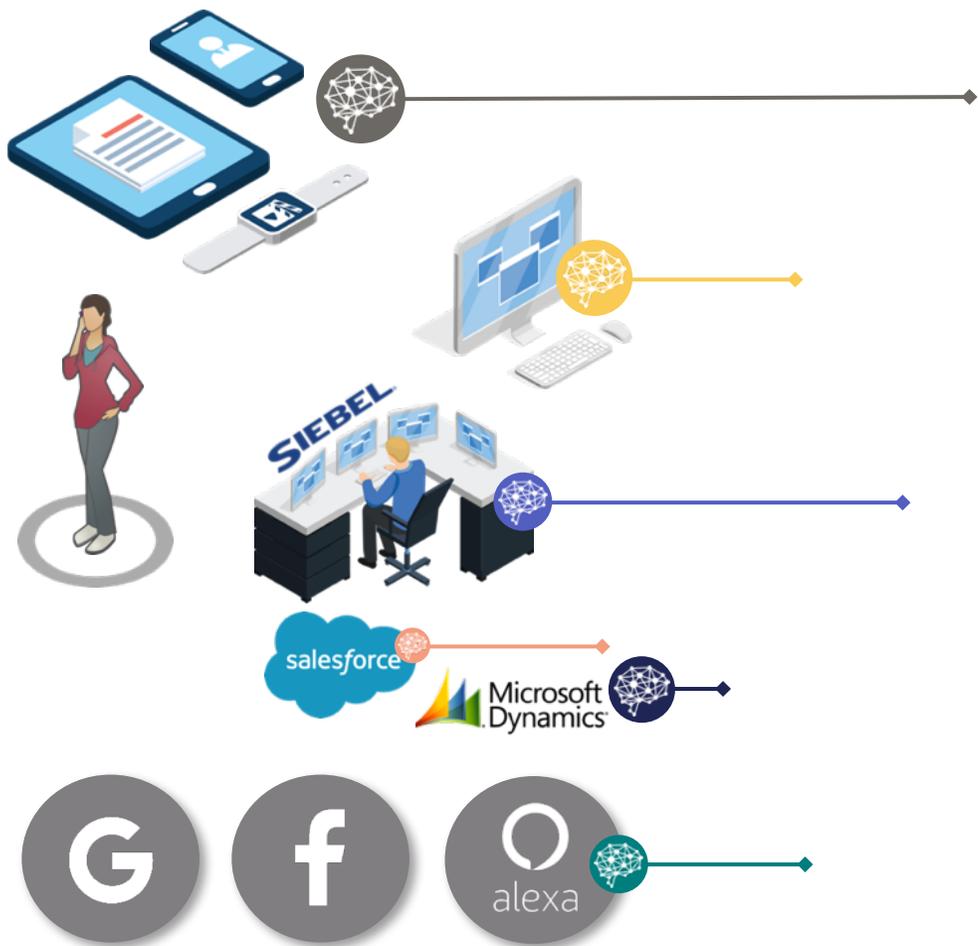

Three well-intentioned **MISTAKES**

1 **Channels**, not journeys

2 **Tasks**, not outcomes

3 **Silos**, not end-to-end

1 Channels, not journeys

SYMPTOMS

- Customers can't move between channels
- Siloed development teams custom-coding logic into channels

RESULTS

- Bad, inconsistent experiences
- Frustrated employees and inefficiency
- Lack of reuse drives increased costs and freezes innovation

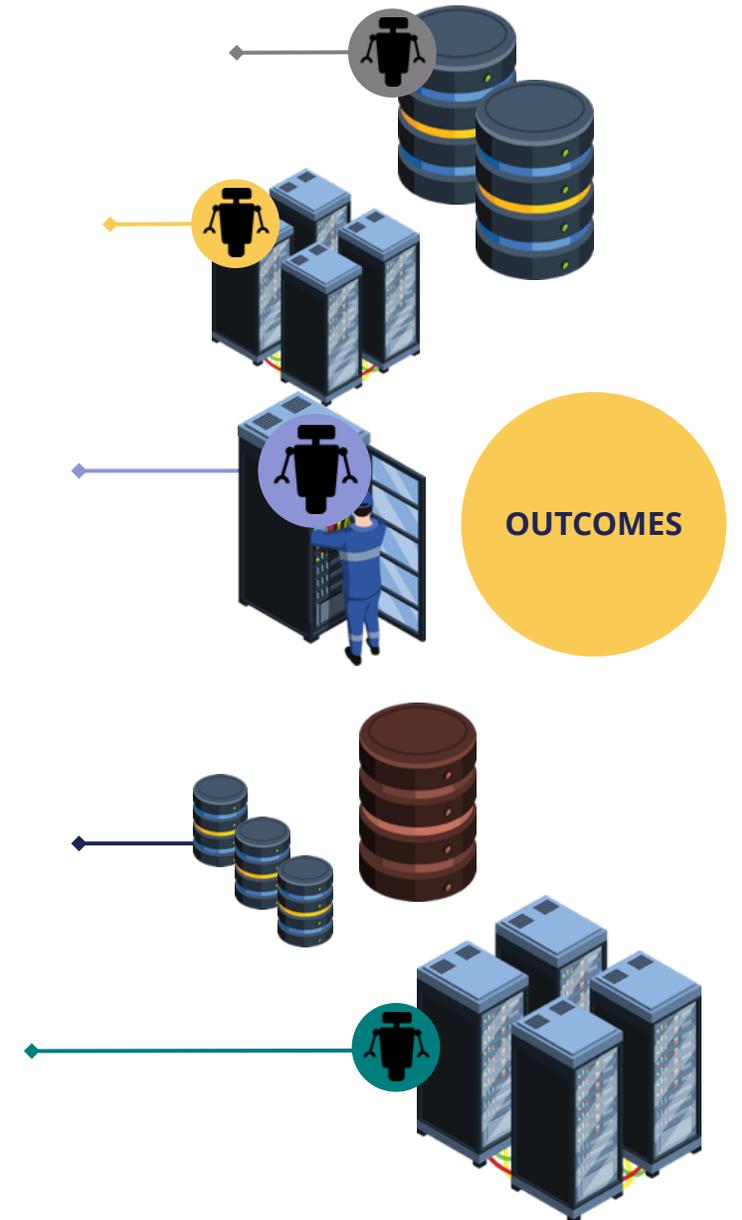

2 **Tasks**, not outcomes

SYMPTOMS

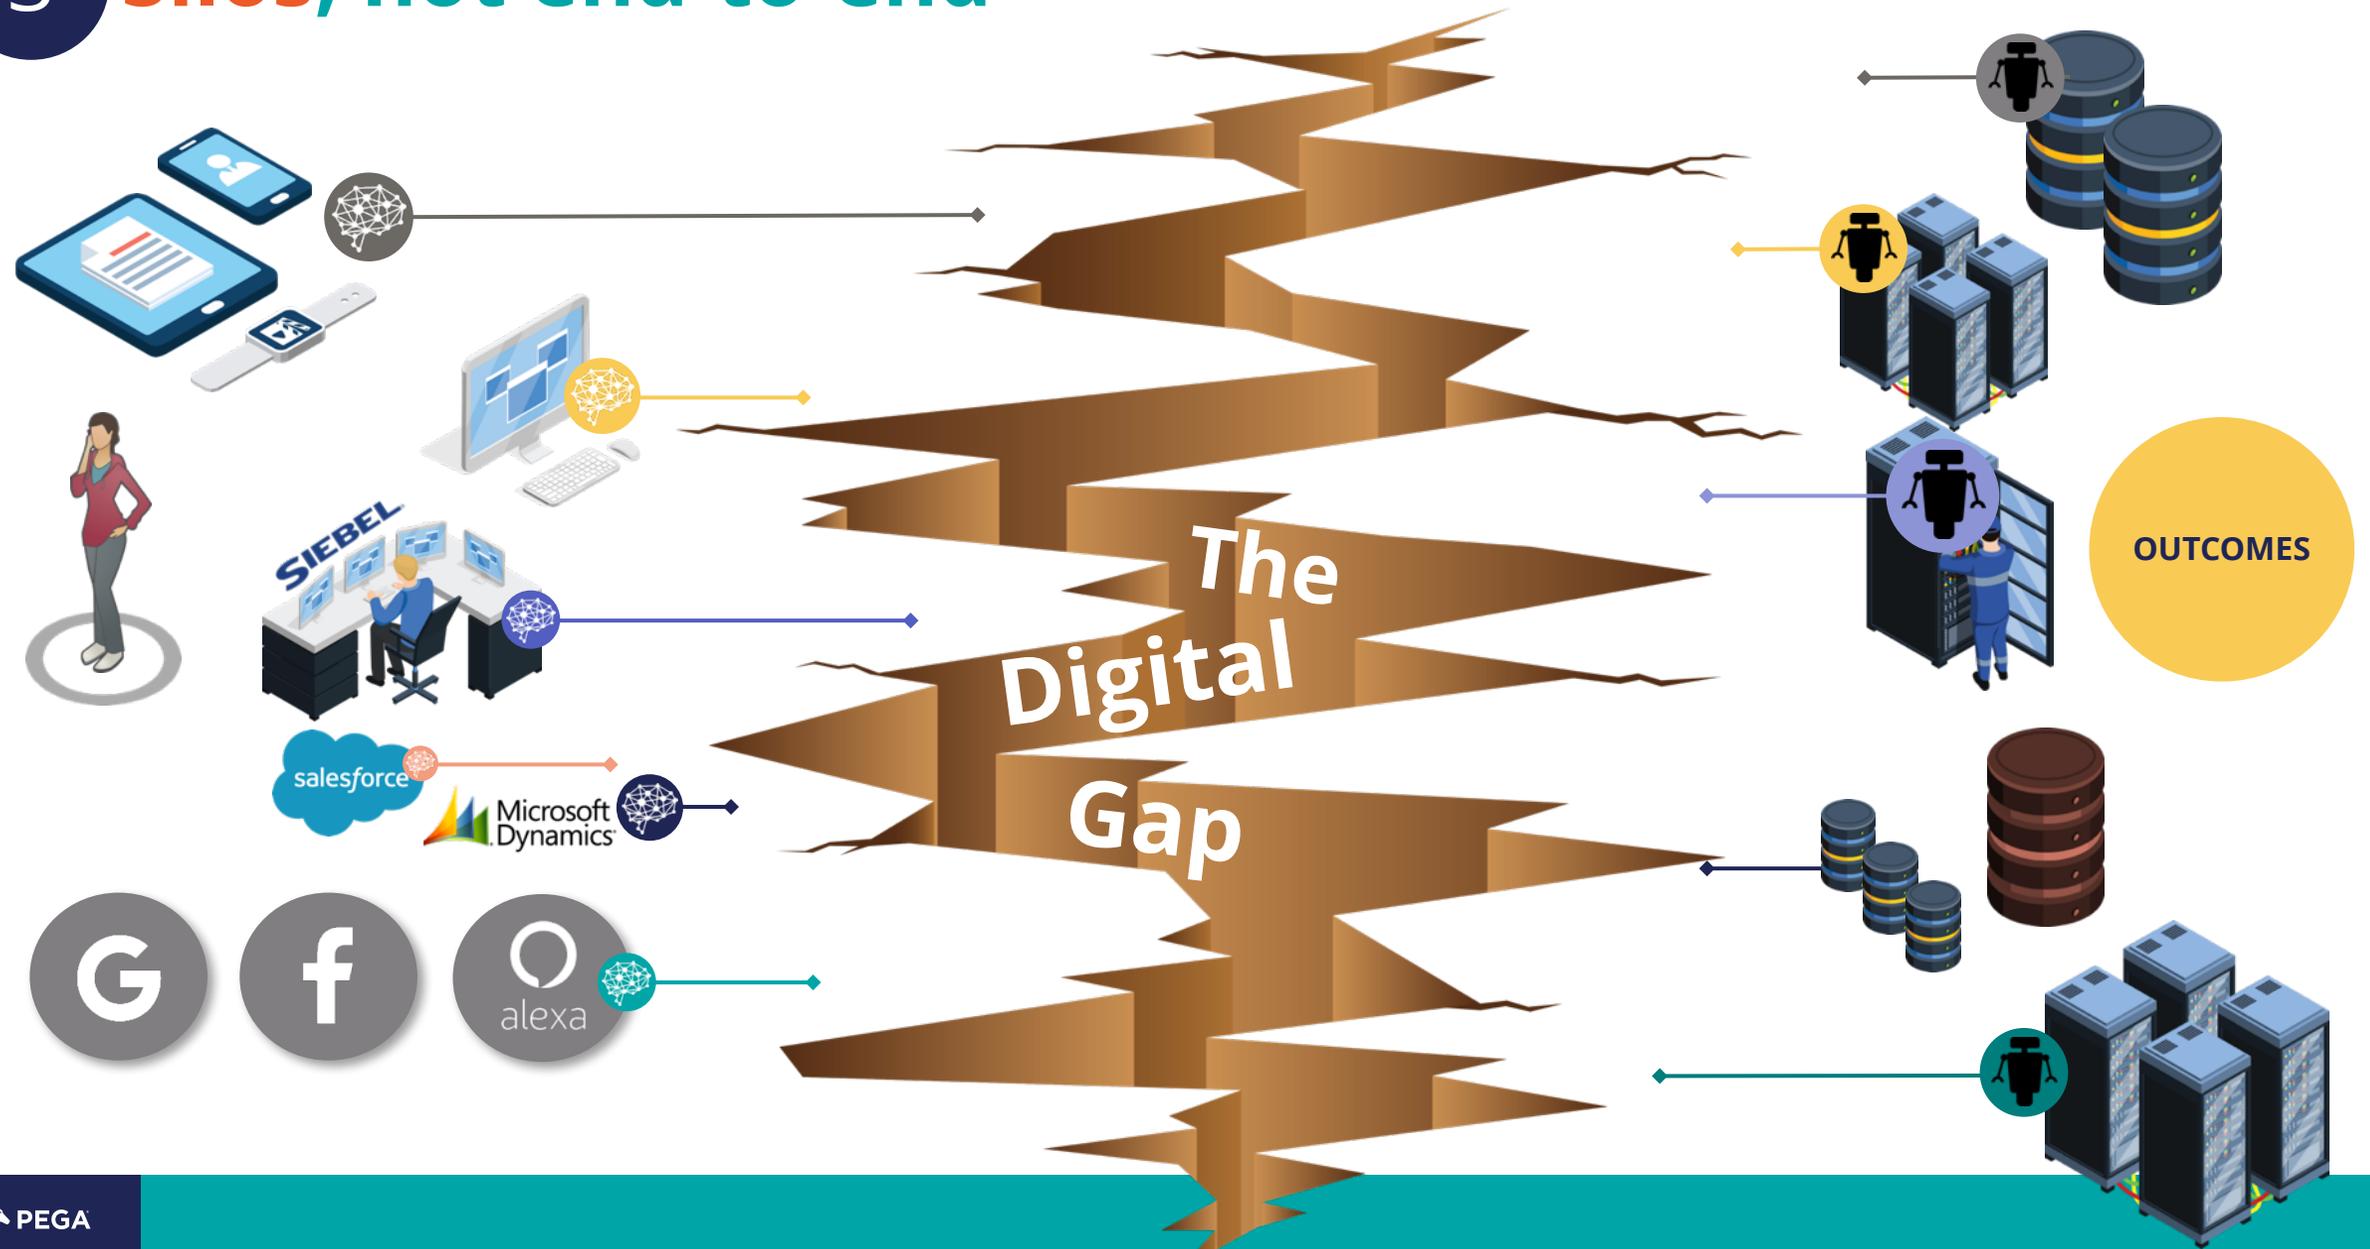

- Lack of common processes across systems, regions, and LOBs
- Siloed investments in robotic band-aids

RESULTS

- Disjointed customer experience
- Proliferation of unmanaged bots
- Little visibility into improvement opportunities

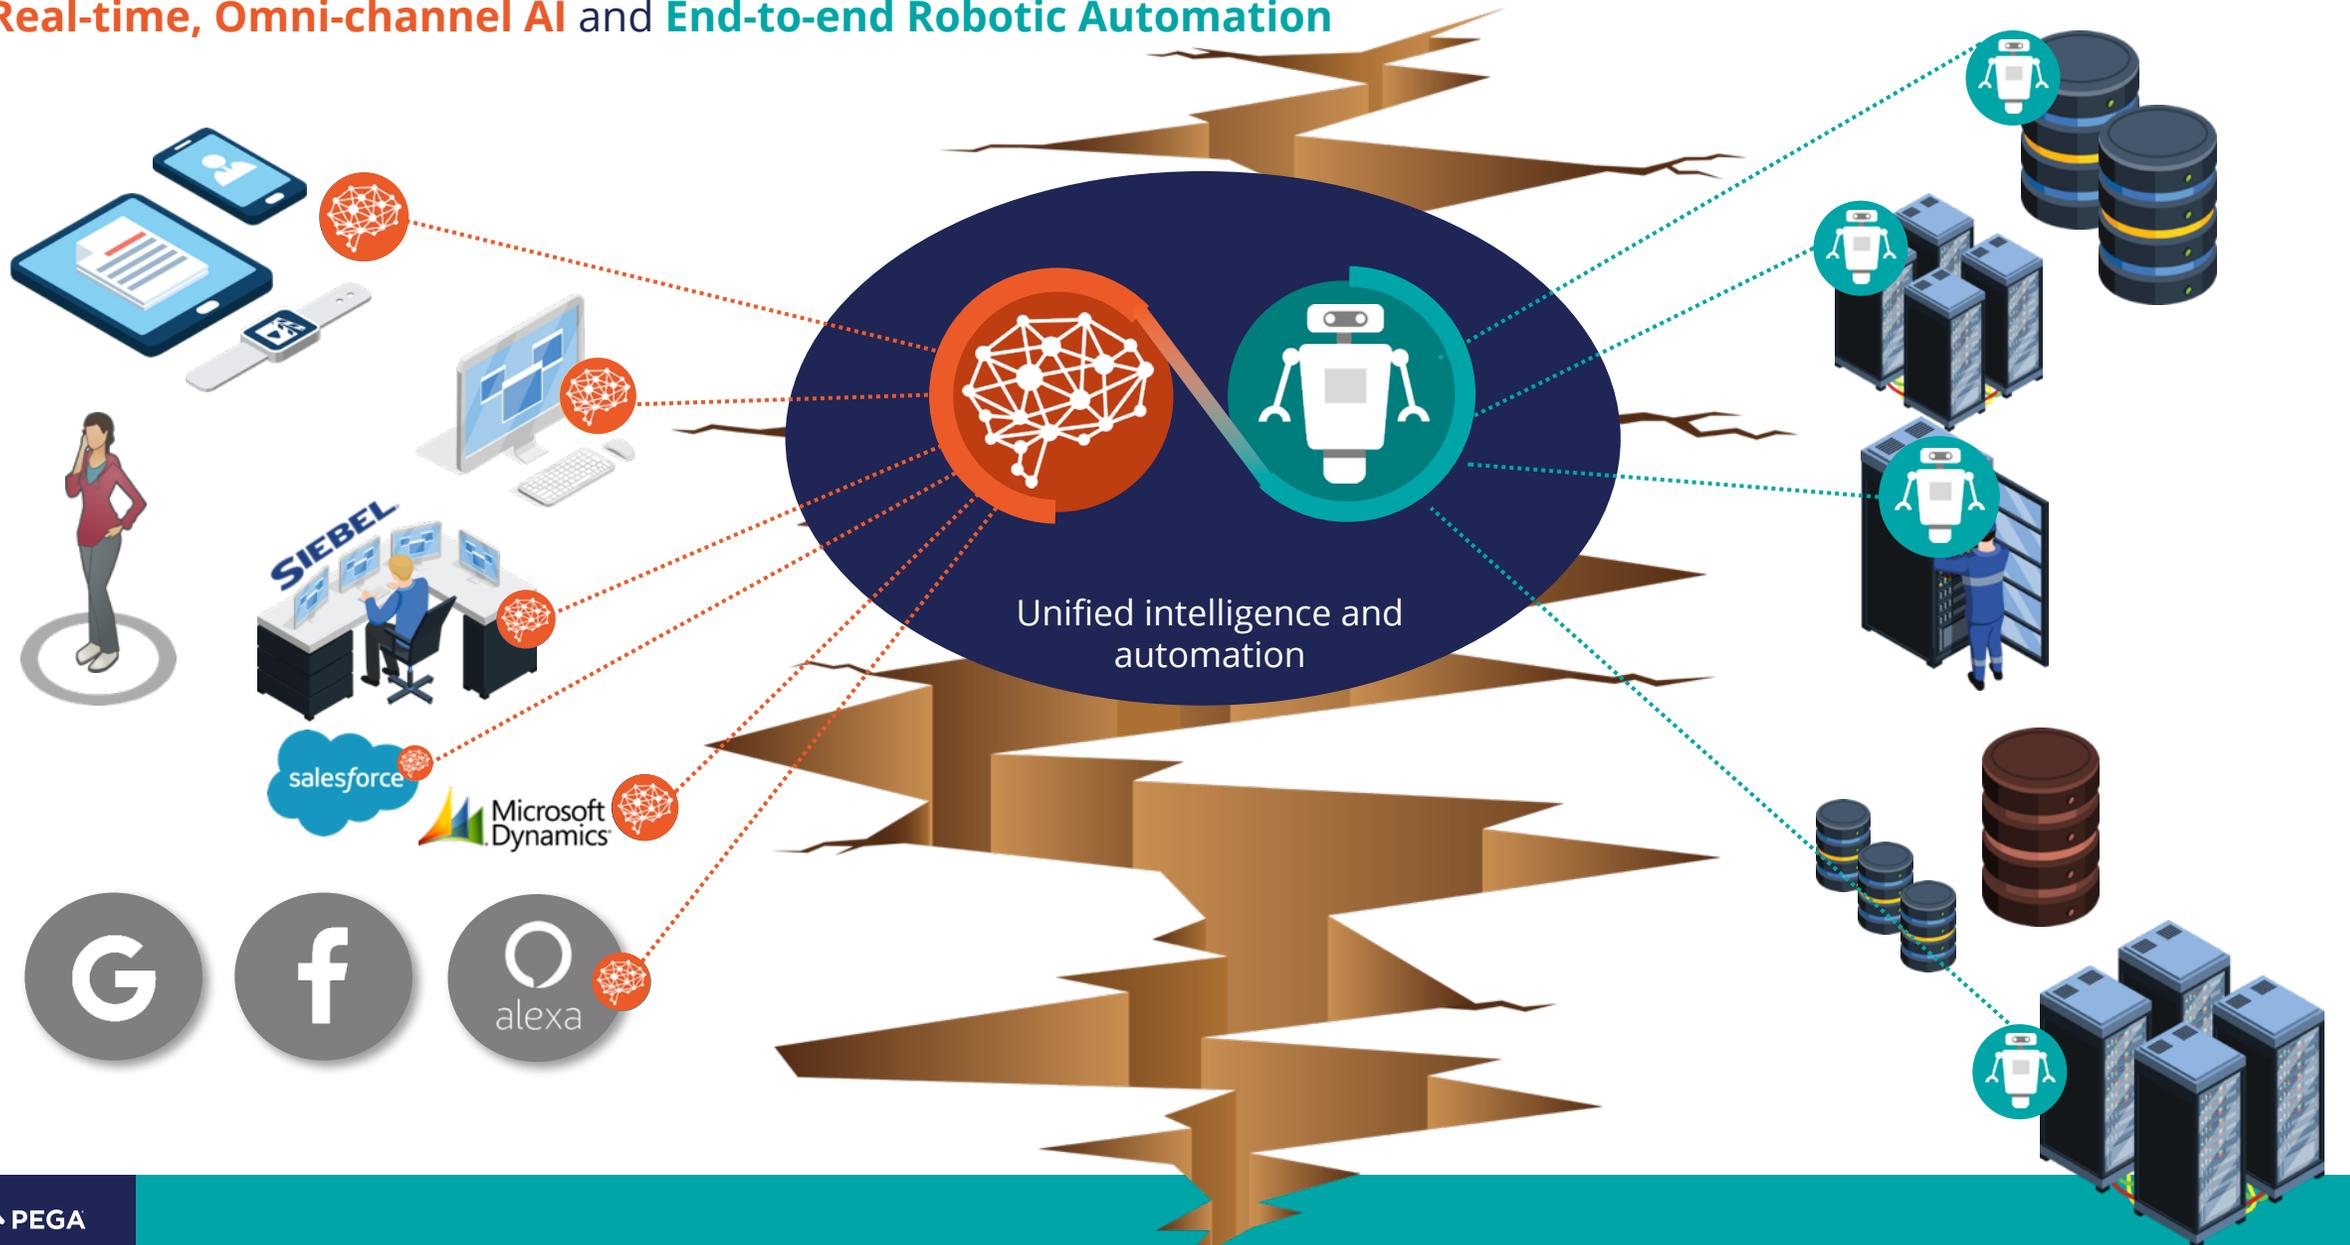

3 Silos, not end-to-end
